

# Surviving Sepsis Campaign Resources

A number of resources are aimed at implementation of the “Surviving Sepsis Campaign: International Guidelines of Severe Sepsis and Septic Shock: 2012” – most of which may be found at: [www.survivingsepsis.org](http://www.survivingsepsis.org). In addition to the resources listed here, you may find a variety of community-produced protocols, checklists, worksheets, templates, and an archive of webcasts, podcasts and presentations. You may order additional implementation kits as well.

## GUIDELINES

“Surviving Sepsis Campaign: International Guidelines of Severe Sepsis and Septic Shock: 2012” appear in the February 2013 issues of *Critical Care Medicine* and *Intensive Care Medicine*.

Visit: [survivingsepsis.org/Guidelines](http://survivingsepsis.org/Guidelines)

## BUNDLES

The SSC bundles are the core of the sepsis improvement efforts. Using bundles, or a core set of recommendations, simplifies the complex processes of the care of patients with severe sepsis.

Visit: [survivingsepsis.org/Bundles](http://survivingsepsis.org/Bundles)

## SCREENING TOOL

The revised screening tool reflects the 2012 guidelines and provides an annotated version that highlights the changes from the previous version. Visit: [survivingsepsis.org/Improvement](http://survivingsepsis.org/Improvement), and look under Protocols and Checklists.

## DATA COLLECTION

You may download and print a paper version of the data collection tool while you await the electronic tool, which is scheduled for release in mid-September 2013. Visit: [Survivingsepsis.org/Data-Collection](http://Survivingsepsis.org/Data-Collection)

## SSC COMMUNITY

Join colleagues who are working to improve sepsis identification, management and treatment through the SSC listserv – an active community of more than 2,000 members. To register, visit: [lists.sepsisgroups.org](http://lists.sepsisgroups.org)

A dedicated social media platform to further facilitate community interaction is coming soon and will be announced on the listserv and SSC website. If you wish to share your tools with colleagues, please send them to: [info@survivingsepsis.org](mailto:info@survivingsepsis.org)

## WEBCASTS, PRESENTATIONS, PODCASTS AND VIDEOS

A number of webcasts, presentations, podcasts and videos are available at no charge.

Visit: [survivingsepsis.org/Resources](http://survivingsepsis.org/Resources)

## ADDITIONAL IMPLEMENTATION KITS

To order additional implementation kits (Product Code: SSCIMPL), visit: [www.sccm.org/store](http://www.sccm.org/store), or call: 1-847-827-6888.

The pre-packaged kits contain 2 posters, 25 pocket guides, 25 bundle cards and a package of 15 Surviving Sepsis Campaign logo pins.

You may also download PDF files of the poster, pocket guide and bundle card at:
